A NEW LIFE FOR UNIQLO CLOTHING

RE.UNIQLO
REDUCE / REUSE / RECYCLE

"RE.UNIQLO" is a framework that helps maximize the utility of the clothing we make, contributing to a circular society.

"REDUCE" used clothing disposal by extending the lifespan of each garment. "REUSE" clothing with new purposes. "RECYCLE" clothing into new products and materials. Clothing has the power to change the future. None of this can happen without your help. Please bring any UNIQLO items you no longer need to a UNIQLO recycling box.

MADE FOR ALL. MADE FOR TEXAS.

A store that began in the suburbs of Japan is now opening up shop on the second biggest piece of land in America. Big skies, big trucks, big roads, big personalities, and big ambitions. But big only begins to describe the Lone Star State.

After interviewing nearly a dozen Texans, what we found was a land with supersized heart. Nearly everyone we spoke to emphasized the importance of diversity, tradition, and giving back. These are touchstones that UNIQLO and Texas share.

For its people, traditions, football games, rodeos, its beauty queens and everyday kings, its real Texas barbecue, its dreamers and new ideators–Life is about building things that last, and using the strength of our independence to make life better for everyone else. Heart leads the way just like it has for UNIQLO since 1984.

In Texas, we found no shortage of leaders who lead that way. So we teamed up with them to make the brand that's Made for All, Made for Texas.

With five stores opening across Houston and Dallas in October, we can't wait for the great state of Texas to meet UNIQLO.
